

"EZ Kruiser," a product brand of **Legacy EV LLC**, warrants to the original retail registered purchaser — sold through a duly authorized EZ Kruiser Vehicles dealer in the United States — that the vehicle will be free from defects in mechanical and electrical components and workmanship for two (2) years from the date of purchase, subject to the limitations stated below. During the warranty period, and/or 1,500 miles, whichever comes first, any authorized EZ Kruiser service technician or EZ Kruiser dealer will repair or replace (at EZ Kruiser's option) any part determined to be defective due to faulty workmanship or material from the factory. Parts used in warranty repairs will be warranted for the balance of the vehicle's warranty period. All parts replaced under warranty become the property of Legacy EV, LLC / EZ Kruiser. All warranty evaluations and replacements must be performed by a certified technician. This warranty covers replacement of all manufactured defective parts. The warranty only covers originally factory-installed parts and does not cover any aftermarket accessories, even if installed by the manufacturer. This warranty does not cover any expenses incurred in transporting the vehicle to and from an authorized dealer, technician, or designee for warranty service. EZ Kruiser will offer technical assistance to help evaluate and determine actual issues with trained technicians. The original purchaser must operate and maintain the vehicle in accordance with the instructions provided in the owner's manual, its supplements, and labels affixed to the vehicle. Additionally, within ten (10) days of discovering an alleged defect, the original purchaser must return the product to the original dealer for evaluation and repair.

Years 1 and 2: The first two years of warranty cover the mechanical and electrical components against defective material and workmanship, excluding painted tops, cracked body panels, and parts warranted by their respective manufacturers (such as wheels and tires). Except for the specific exclusions listed below, road service and travel time are excluded from this warranty.

SPECIFIC EXCLUSIONS

- ♦ Adjustment items and parts replaced due to normal wear or routine maintenance, including but not limited to: tires, wheel bearings, brake shoes and brake system parts, front suspension components, coil-over springs, leaf springs, shock absorbers, front knuckle arms, front light bulbs, painted tops, seat covers, transportation, wind damage, and any damage incurred during transporting.
- ♦ Component failure or damage caused by abnormal strain or stress, neglect, abuse, improper assembly of components supplied in the factory-sealed carton, improper maintenance, or improper use of the vehicle — including but not limited to racing, jumping, stunt driving, or any other use prohibited by the operator's manual.
- ♦ AGM batteries sold with carts from EZ Kruiser carry a twelve (12) month warranty on defects. Cracks in the case, post breakage, or burnt posts are not considered defects and are classified as abuse and/or neglect; they are not covered under warranty.
- ♦ Adjustments and repairs made due to normal wear, routine maintenance items, cosmetic deterioration, weather deterioration, and electrical components susceptible to fluctuations in current beyond the Dealer's control, as well as lack of yearly maintenance.
- ♦ Acts of God, such as power surges or other events beyond the Dealer's control. Transportation charges for warranty service are excluded from this warranty, and all replaced parts become the property of the Dealer unless released by acknowledgment in email or writing.
- ♦ Tires, clutch, brakes, throttle cable, drive belt, certain torque converter components, seats, lights, fasteners, decals, or cosmetic body panels, routine maintenance items, normal wear and tear, cosmetic deterioration, or electrical components damaged as a result of fluctuations in electrical current, and damage to or deterioration of the vehicle resulting from inadequate maintenance, neglect, abuse, accident, or collision. Any customization or modification of the vehicle will void the warranty, and EZ Kruiser is not responsible for any damage caused by customizations or modifications.

The sole remedy under this warranty, and the Dealer's obligation in the event of a defect, is that it will, at its sole option, repair or replace any defective parts. This remedy precludes all other remedies, including any lawsuits, claims, or other proceedings alleging strict liability, negligence, breach of contract, or any other cause of action. EZ Kruiser reserves the right to improve or change the design of any EZ Kruiser vehicle without assuming any responsibility to modify previously manufactured vehicles.

This warranty is made in lieu of all other warranties, expressed or implied, including any warranty of merchantability or fitness for a particular purpose. **EZ Kruiser further disclaims all liability** for incidental, exemplary, punitive, or consequential damages, including but not limited to personal injury or property damage arising from any defect in the EZ Kruiser vehicle. No agent, employee, or representative of EZ Kruiser has authority to bind EZ Kruiser to any other agreement, representation, or warranty concerning the goods sold under this warranty. Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

VOIDING OF WARRANTY

This, and any other warranty, shall be void if:

1. The vehicle is abused or otherwise not used in its intended manner;
2. It is involved in an accident or collision; or
3. It shows indication that the speed setting was adjusted or modified to allow the vehicle to operate beyond manufacturer specifications — including but not limited to alterations to the braking system, electrical system, steering, or other operating systems — or shows indication that routine maintenance was not performed when and as specified in the owner's manual. This warranty shall be void with respect to any defect or damage caused by, resulting from, or related to parts or accessories that are not manufactured or authorized by the Dealer, were not installed per manufacturer instructions, or were covered by another manufacturer's warranty, whether expired or not.
